Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of Indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion dyspepsia and all stomach troubles.

213 South Prior Street, ATLANTA, GA., March 21, 1903. ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman. OLIVE JOSEPH,

#### "The Man In Gray"

BEAUTIFUL THREE-COLOR PRINT.

As its offering of respect to the Confederate Veteran's Union, the Henderson Route is distributing a beautiful three-color print, entitled "The Man in Gray," which is re-caiving widespread admiration

throughout the entire South.

The picture, which is printed from an extra fine etching, duced from an original drawing by Mr. Robert M. Hooe, the celebrated artis of the Louisvill Courier-Journal, is 16x22 inches, and is painted on fine enameled paper, sufficiently heavy for use unframed. but equally suitable for framing.

It is executed in the three cardinal colors of the Confederacy gray, blue and red-on a white background, and has been rightly termed by critics "a gem."

They are enclosed in strawboard mailing tubes for safe transmission by mail, thus avoiding any possibility of breakage and insuring safe delivery.

Send five (red) stamps to L. J. IRWIN, Logisvile, Ky., for this beautiful reproduction, and after you receive it, whether you are from the North or out of the South, you will be an enthusiastic admirer of the "Hero of the Gray."
